everyone to have a safe and secure retirement.
Health care
6. Do you support educators having access to a mandatory statewide health insurance pool, just like other state workers?
Yes
7. Do you support the current language that allows educator locals to unilaterally seek a bid and join the Public Employee Insurance Program (PEIP) as the insurance provider for local bargaining units?
Yes
8. All Minnesotans deserve access to affordable health care and publicly managed plans like MN Care and Medicare are some of the most efficient plans out there. The legislature is currently seeking a federal waiver to expand MN Care to more residents. Do you support expanding all public health care programs to include more working people?
Yes
Education funding
9a. Reverse Minnesota's perpetual underfunding of education by significantly increasing the per-pupil funding formula.
Yes
9b. SPED cross subsidy: The state must fully fund special education costs instead of relying on school districts to pay for them.
Yes
9c. EL cross subsidy: Fully fund the costs districts pay to provide quality English learner programs and instruction.
Yes
9d. Lower class sizes: Lower class sizes so teachers can give students more of the individual attention they need and deserve.
Yes
9e. Full-service community schools: Expand access to full-service community schools across the state.
Yes
9f. Teachers of color: Fund programs to increase the number of teachers of color significantly so teachers providing instruction better reflect the students in our classrooms.
Yes
9g. Student support: Continue providing additional resources for school districts to hire more student support staff, including counselors, social workers, psychologists, nurses and other job classifications.
Yes
9h. TDE/Q Comp: Fully fund the 2011 Teacher Development and Evaluation law, an unfunded state mandate, to ensure teacher quality and lift the cap on the Q Comp program.

Yes
9i. Professional development: Provide professional development to all staff around cultural competency and trauma- responsive classrooms with aims of closing the discipline disparity gap.
Yes
9j. Education debt relief: Provide debt relief to retain teachers so they can afford to stay in the classroom.
Yes
Taxes/revenue
10. Would you commit to raising revenue to ensure the wealthiest corporations and richest households pay what they truly owe in taxes so every student, no matter what they look like or where they live, can attend a fully funded public school that prepares them to pursue their dreams?
Yes
11. Education Minnesota believes in restoring fairness to the state tax code by raising revenue from the very wealthiest corporations and richest households and reducing the reliance on local levies to fund schools. Considering your own experience and expertise, are there other progressive, equitable ways to raise state revenue that you would recommend the union consider supporting?
Yes
12. Fully funded schools require adequate and stable revenues. Will you oppose tax cuts and carve outs that lower tax collections or narrow the tax base?
Yes
13. A balanced tax code draws revenue from a mix of income, sales, and property taxes. Will you support policies that maintain both adequate funding and a sustainable balance between revenue sources?
Yes
Higher education
14. Do you support increasing the state's direct investment in public higher education to significantly reduce institutions' reliance on tuition?
Yes
15. Will you support investments in capital bonding projects that preserve buildings, remodel classrooms and keep our technology assets current?
Yes
16. Do you support DEI efforts on our college campuses and universities?
Yes
17. What would you do, as a state legislator, to help with the cost of higher education?

## 2024 Candidate endorsement questionnaire : Entry # 1571

Peopele should not be in such debt after college like they are now. Government has the power and resources to help with the costs. I support 2 years free of higher education for all people who wish to earn a college degree. I support work study programs and apprenticeship programs where students earn experince as well as an income while they are in school. The cost of higher education is also affected by high housing and child care costs. I will work on these issues as a state legislator.

18. The North Star Promise is expected to result in an increase in enrollment on our campuses. Many of these students are projected to be disproportionately first-generation students and students from historically underserved communities. As a legislator, what would you do to ensure these students had the support they needed to be successful?

This is a wonderful program that I believe will help many people earn their degree without incurring thousands of dollars of debt. Again - we also need affordable housing and child care to make this dream a reality for people. This type of support is also necessary and someihing I will be focused on.

19. There are efforts to expand the North Star Promise to Minnesota's private colleges and universities. This would dramatically increase the amount of public money going to private institutions. Do you support the expansion of the North Star Promise to include private colleges and universities?

No

## **High-quality professional educators**

20. What will you do to help recruit and retain high-quality educators in our classrooms?

Ensure that the salaries and benefits are appropriate for their level of education and experience. Educators need to be able to support their own families, have housing, health care and child care that is affordable and also accessable.

#### Standardized testing

21. What individual or system-level decisions in education do you believe are appropriate to make based on standardized test scores?

I do not know enough about how these decisions are made and will learn more.

#### **Honesty in Education**

22. Most educators believe students should have access to a wide range of age-appropriate books that include relatable characters and situations that reflect the diversity of Minnesota families. However, certain politicians and big money groups are trying to remove books from school libraries across America, particularly books with LGBTQ+ characters or those that deal with racism in America. How should Minnesota protect its students' freedom to read?

The right to access and read books should be gaurenteed to everyone. There is absolutely no reason to remove books and ban them. Families can and should make their own decisions about what their children can and should have access to. Not politicians,

23. Education Minnesota believes all students should have the freedom to feel safe and welcome in their public school, no matter what they look like, where they're from, how they pray, transgender or not. Do you agree?

Yes

24. Students bring many needs into their public schools, but our union believes they all deserve the freedom to grow with the help of support for their mental health and with lessons in how to recognize and control their emotions, which is sometimes called social-emotional learning. Do you support increasing support for students' mental and emotional health in public schools?

Yes

Time to Teach
MoveDuplicate Settings Delete 25. The planning and differentiating that teachers do daily needs more time. Most after schoo "prep" is filled with meetings. The current statute falls short of the time needed for preparing lessons. Will you support adjusting this statute to increase prep time?
Yes
26. Will you support legislation that protects an educator's prep time so it can't be used for meetings or having to sub for colleagues?
Yes
27. Do you support paid, dedicated time outside of student contact time for special education teachers to complete their paperwork and attend required meetings?
Yes
School safety
28. Creating incentives for school administrators to enforce districts' codes of conduct without bias and/or creating accountability measures for those who don't?
Yes
29. Increase reporting and transparency in worksite safety when reporting physical injuries and emotional trauma in the workplace?
Yes
Union Rights
30. The ability of workers to come together in union and bargain collectively has been vital for reducing wage gaps by gendo building the middle class, and limiting wealth inequality in Minnesota. Do you support expanding and strengthening workers rights to join a union and bargain collectively?
Yes
31. Will you oppose any legislation or constitutional amendments that would weaken collective bargaining rights, the right t organize, the right to strike, automatic payment of union dues, union access and activities at worksites or other anti-union policies backed by anti-worker groups?
Yes
32. How will you support unions as a state legislator?
I became a member of ions the Minnesota Association of Professional Employees as soon as I started my career with the Minnesota Department of Revenue. I am a Retired Member. I fully support unions and will vote for workers rights at every opportunity.
Privatization

33. Do you oppose state tax credits for private K-12 education tuition and expenses?

Yes

34. Will you support policy changes that will ensure a stronger accountability system with necessary oversight and reporting to ensure quality management and instructional practices in charter schools?

Yes

35. Will you support a moratorium on new charter schools until such changes are made?

Yes

### Your role as a legislator

Have you visited a public school in your district in the past year? If so, which one? What were your observations from your visit? How will that experience inform your work as a legislator? If not, when did you last visit a school? Would you like us to help arrange a visit?

My senior center is located in an educational building and I see and hear young students whenever I am there. My daughter is a licensed school counselor at a school in the St. Cloud District. She and I talk quite a lot about the needs of the students. She is extremely excited that her school is adding a councelor to the staff.

What have you done to become informed on issues relating to public education? What organizations and individuals do you go to for your information?

I have friends who are or who have been on school boards and I talk quite often with them about issues. I also read and see information on social media.

How do you envision working with Education Minnesota if you are elected/reelected? If you disagree with us on an issue, how will you communicate that?

I would consider us as partners. A solid education is a primary need for all ages for all people. If I disagree on an issue I will definitly reach out for more information before making any decisions.

If elected/reelected, how will you balance competing priorities that might exist between Education Minnesota and other education groups?

Balance is a great word and something I will strive for. There are some issues I will not compromise on. Workers rights and supporting educators are examples of priorities I consider top priorities.
