I would be in contact to work on funding equalization. For sure to work on a 60,000 salary base. To work on teacher shortages and more diversity in teacher candidates. Also to improve the professional status and pay of support professionals. If I disagree or don't understand I would seek out our local teachers union. From there the staff and resources in downtown St. Paul.

**If elected/re-elected, how will you balance competing priorities that might exist between Education Minnesota and other education groups?**

At this point I would say my guiding principle would be the importance of a free public education for all. This being an absolute to the foundation of our democracy.
